2. ISO 26262 USA
3. AUTONOMOUS DRIVING SUMMIT USA
4. AUTOMOTIVE DIAGNOSTICS USA
5. AUTOMOTIVE GLAZING USA

CALL FOR PAPERS
SUBMIT YOUR PROPOSALS NOW

Speakers should submit their applications by 30 November 2018
EXAMPLES FOR APPROPRIATE CONFERENCE TOPICS:

- Current chances and challenges regarding 2nd edition ISO 26262
- Cybersecurity as it relates to functional safety (ISO/SAE 21434 „road vehicles – cybersecurity“ Current status and ongoing development)
- ‘Lessons learned’ (dos and don’ts) in the application of ISO 26262
- Parallel implementation of ISO 26262 and other standards
- Questions that ISO 26262 has still not addressed
- Fail operational systems
- Automated/Autonomous driving
- Safety of the intended functionality (SOTIF)/nominal performance

Field reports are also welcome from other sectors that already have specific standards on functional safety, such as medical technology and avionics.

PRESENTATION AND TIMEFRAME

Each conference paper has been allocated a time-slot of about 30 minutes.

The presentation proposal should take up at least one half and at most one page. The proposal must have a title and four sub-points, along with a short explanation of the contents. It should also include a few sentences outlining what expertise the speaker and his/her company have in ISO 26262. The proposal must be in English. Please note that no travel costs or fees will be paid.

HOW TO SUBMIT YOUR PRESENTATION PROPOSAL

Visit [www.car-training-institute.com/iso26262-usa](http://www.car-training-institute.com/iso26262-usa) to download your application form

The closing date for submissions is 30 November 2018

You will be notified by January if your proposal has been accepted

POINTS OF CONTACT

CONCEPT AND CONTENT
Elke Schneider
Conference Director
Phone: +49 (0)211.88743–3519
elke.schneider@car-training-institute.com
